REQUIREMENT RR/HTA/E/R14/57: Describe changes since World War II  
in the Feodosiya Railroad Station, Yards, and Shops, North.

## REMARKS:

The Feodosiya Railroad Station, Yards, and Shops, North, located  
58 miles west-southwest of Kerch, serves primarily as a classification and  
repair facility for the Feodosiya area.

A comparison of [REDACTED] photography with that of [REDACTED] reveals  
that a new locomotive maintenance building, 175 by 50 feet, replaces a  
former smaller facility. Also, two shops, 75 by 40 feet and 85 by 50 feet,  
have been constructed since [REDACTED]
